SARENS CONTRIBUTES TO ESTA'S BEST PRACTICE GUIDE FOR SPMTs

Sarens, the **worldwide leader in heavy lifting and engineered transport**, actively **contributes** towards the ESTA's Best Practice Guide for SPMTs.

European specialized transport and crane association **ESTA** has released its **best practice guide on the use of self-propelled modular transporters (SPMTs)**, in a move to raise **safety standards** and reduce the number of accidents. The guide was released on **April 14, 2016** during the week-long Bauma exhibition in **Germany** where the association held its spring meeting.
