TOGETHER

#TOGETHER
WE MAKE EVERYTHING POSSIBLE!

Sarens wishes with you and yours Happy Holiday Season!

Check out this short video featuring great 2017 Sarens projects and find out how everything is possible when you work together with others. Happy New Year!

SARENS USES SPMTS TO PLACE A 3.000T BRIDGE IN ADELAIDE, AUSTRALIA

In what could be a first for Australian civil construction, Sarens recently used SPMTs to carefully maneuver a 3.000t bridge section into place as part of upgrade work to the Darlington Bridge in Adelaide, on behalf of the Gateway South project consortium.

SARENS HELPS WIDEN RANDE BRIDGE IN SPAIN

Sarens lifts 105-tonne segments for the Rande Bridge expansion project near Vigo, Spain. The team worked up to 60 metres above the water, using two lifting points per segment, without any closure to road traffic on the bridge.

FROM RENTAL CRANES TO HIGH SPEED RAIL: A LOOK AT SARENS IN MEXICO

Sarens is a reference for crane rental in Mexico, and the Group is now proud to support an exciting new project: the construction of the new Interurban Train Valley of Mexico - Toluca. This high-speed rail project will connect the Toluca metro area with Mexico City, with trains that reach maximum speeds of 160 kilometres per hour.
