

# ESTA presents 2019 awards to members

The ESTA Awards of Excellence 2019 had another successful evening recognising its members that have excelled in their fields of operation.

The event, organised by ESTA and *International Cranes and Specialized Transport* magazine, was held in Munich, Germany, during April.

Winners included Sarens, Fagioli, Spierings Mobile Cranes, Wagenborg Nedlift, Mammoet Europe, Heavy Load Service (HLS) and Liebherr.

Liebherr won the safety award for its single-line guiding system (SLGS) equipped to the LR 1750/2 and LG 1750 lattice

boom cranes. The system makes wind turbine blade installation safer and more economical.

The association has also

welcomed Turkish transport association AKT as a member, along with Switzerland-based Combe Driver Services as an ESTA supporter.

## Expanding IFLN focuses on the future

IFLN welcomed more than 300 attendees at its 26th worldwide membership conference in Vienna, Austria.

Attendees, representing both the IFLN Network and its specialist IFLN Global Projects Network, heard the group's

president Michel Vanlerberghe emphasise the importance of partnership, integration and specialisation to the group's ongoing success.

IFLN Global Projects network will continue to expand alongside IFLN Network,

enabling its specialised project forwarding members to work closely together to pursue global turnkey projects.

The former now has twice as many members as it did at last year's annual conference in Montreal, Canada.

## OceanX expands international membership

Ambercor Shipping has joined the OceanX network as a

member in Canada and the USA. KMA Uruguay and SMI Paraguay,

part of the KMA Group, have also joined the network.
