

# SARENS STRAND JACKS

- **DISCOVER OUR STRAND JACKS**

- Hydraulic jacking device using steel wire
- For vertical lifting
- Or horizontal pulling (skidding)
- Capacity from 15t up to 1.130t
- Supporting gantry
- Skidding beams

# STRAND JACKS

## • SOLUTIONS

- Civil constructions
- Power plant components
- Heavy offshore platforms
- Load-out operations
- Petrochemical projects

## • ADVANTAGES

- Also on narrow assembly site
- Wide range of combinations
- Appropriate applications
- Low cost mobilisation (containerised)
- Very high capacities
- Computerised control system for synchronisation

**ENGINEERING IS THE CLOSEST  
THING TO MAGIC THAT EXISTS  
IN THE WORLD.**  
ELON MUSK, CIRCA 2015.
