**GO ON!**

## Moving into 2021, go on!

As time goes, on humanity continues to create, construct, and flourish! We are robust, persevering, and ingenious – so, in the face of adversity, we go on. At Sarens, we are committed to overcoming all obstacles, constantly growing, learning, and improving. No matter how big, how high, or how tough the challenge may be – even as we are pushed to our limits, we say “go on!” As we move into 2021 and get ready to face the new challenges that it will bring, we hope you’ll join your voice to ours and say “go on!”

## Creators & Explorers: How Sarens Achieved One Group SHEQ Certification

Starting in 2016, we resolved to standardise SHEQ practices across every business unit in every country, something that is such a logistical challenge that no company in the global crane and heavy transport sector had done it—until now.
