

New Board of Directors

On Friday, May 6th, 2022, the Sarens Board of Directors took a range of decisions aiming at handing over the leadership of the organisation to the fourth Sarens generation and the next generation of the Tack family.

After a long and dutiful service to the organisation, the third Sarens generation is stepping down from the Board but will retain its advisory function. We are really thankful for their contributions.

The new composition of Board of Directors comprises Alain Bernard as President of the Board. Wim Sarens, Jan L. Sarens, Carl Sarens, Stijn Sarens, and Sofie Sarens as Directors on behalf of the Sarens family and Aaron Coone and Laurie Tack as Directors on behalf of the Tack family. Luc Sterckx and Alain Bernard will continue to serve as independent Directors.

Their appointment will be confirmed by the General Assembly of Sarens Bestuur NV on the 27th of May, 2022.

The new team leading the company is thrilled to further develop Sarens' potential, together with all employees.

The Sarens and Tack family would like to take this opportunity to thank Alain Bernard for accepting this new challenge and look forward to developing together the Group.

About Sarens

Sarens is the global leader and reference in crane rental services, heavy lifting, and engineered transport. With state of the art equipment, value engineering, one of the world's largest inventories of cranes, transporters, and specialty rigging equipment, Sarens offers creative and intelligent solutions to today's heavy lifting and engineered transport challenges. With more than 100 entities in 65 countries operating without borders, Sarens is ideal partner for small-scale to mega scale projects. Sarens currently employs 4452 highly skilled professionals who are prepared to support clients' requirements around the globe and across every market sector.

About Begoos

Begoos is active in the treatment of water-based side streams from industrial processes, cleaning of tank containers and trailers for transport of chemical and food products and the distribution of petroleum-based fuels. Begoos is operating 8 plants in the Benelux and serves many European customers.
